Pure-play MDR provider con oltre di 11 anni di esperienza nella lotta al cybercrime

Il fulcro dell'offerta di Certego si articola attorno a tre pilastri che, integrati tra loro in modo sinergico, costituiscono la base della sua forza: la **piattaforma di Unified Security Operations "PanOptikon®"**, un team dedicato di **Security Operations Services** e un'intensa attività di ricerca nell'ambito della **Cyber Threat Intelligence**.

La stretta interconnessione tra tecnologia avanzata, competenze umane altamente specializzate e analisi approfondita delle minacce, posiziona Certego come player all'avanguardia nei servizi di **Managed Detection & Response**.
